PROGRAM**

AGES 5 TO 30

2025

PROGRAM OVERVIEW

In this booklet, you will find the Kansas State Grant programs for Junior, Youth, and Young Adult Grangers. The purpose of combining these programs is to foster collaboration and connection across all ages within our Grange family. By combining the programming for Junior Grangers and Youth & Young Adult Grangers, we aim to create opportunities for members of all generations to work together, learn from one another, and strengthen the bonds that make our Grange community so special, especially for our young families. We encourage grangers of any age to utilize these shared projects as a chance to connect, support, and grow together. We look forward to seeing what you create!
